## FOREWORD

Each precious moment we have spent at Helena High School has, in some insignificant way, helped to develop us into the wise and strong leaders necessary for the future of America.

As we close the doors on our high school days and make our final walk down the beloved halls of Helena, we leave behind our cherished memories that have endeared us to our Alma Mater.

May these memories be ever dear to our hearts and help sustain in us a determination to serve mankind to the best of our ability.

This yearbook we offer to the 1963 graduating class of Helena. Though time and tide waits for no man, may we forever remember the impressionable years spent at our Dear Alma Mater.

Seniors: During your lifetime greater changes have taken place in our world than in any century since time began. You are living in a world characterized by scientific achievements beyond our comprehension. We have harnessed power never before dreamed of. This very power holds out to us two choices: a most glowing future or total destruction.

The physical sciences have far outstripped the social sciences. Your generation's challenge then lies in the realm of the social science - man's relation to man. This is of utmost importance. It is the factor that will determine which is the future of mankind - mass destruction or a world of peace and plenty.

#### To Our School Administration

Looking back over our four years of high school, we, the senior class of 1963, would like to express our sincere appreciation for the guidance and interest of the administration.

The addition of Miss Betsy Moore as secretary in 1961, proved to be an asset to the entire school. She has aided the principal, the school board, the faculty, and us in our many fund raising campaigns as Juniors and Seniors.

We shall long remember and cherish the leadership and direction rendered to us by our principal, Mr. G. N. Titus. We realize that it was through his efforts that we were offered so many academic and social activities.

To the entire faculty and school board, we say thank you for maintaining a solid school program and preparing us for our future in the world.

Especially to our sponsor and homeroom teacher, Miss Ruth Lunsford, we express a heart full of gratitude for giving us her "all" during our senior year.

As we close the door on our high school education may we ever strive to be a credit to you and Helena High School.

# CLASS HISTORY

It all began in September of 1951. What a day this was for us!! Some of us were overcome with joy to know that at long last we were old enough to go to school, some of us cried a little when our mothers left us alone, and some of us simply "bawled." We began this course of education at Hurdle Mills, Mt. Tirzah, and Helena. Our first grade-teachers were Mrs. Vera Fox, Mrs. Bailey Dickerson, Miss Nannie Monk. We began to learn how to count and to say our A's B's C's. The kids at Mt. Tirzah even had a picnic.

Our second grade teachers were Miss Eloise Pearce, Mrs. Alma Snipes, Miss Nannie Monk, and Miss Jackie Hall. We began spelling and good old arithmetic. The Hurdle Mills boys and girls had a Christmas party and an Easter egg hunt.

In the third grade our arithmetic kept getting worse all the time; but, under the leadership of Mrs. Byrd Satterfield, Miss Nina Rogers, Mrs. Addie Mae O'Briant, and Mrs. Lelia Jones, we managed to learn it. Nothing very exciting happened to any of us this year.

In the fourth grade we were taught by Miss Nina Rogers, Mrs. Addie Mae O'Briant, Mrs. Lucille Lowery, and Mr. Lelia Jones, all of whom introduced us to a few new subjects;--health and social science being two of those. We were beginning to really have to study now. Even with our new studies in the fourth grade, we had enough time left over for a little amusement and recreation. The students from both Helena and Hurdle Mills had a weiner roast during the Easter season of their fourth year in school. The boys and girls visited for the first time as a class the trestle where they had their roast.

Our studies in the fifth grade were more complicated than ever. However, we began learning states and capitals. Even with these more complicated subjects, there was still time for some fun. The Helena class made a trip to Raleigh. The Hurdle Mills students felt very "grown up" because they gave a play for their chapel program this year.

Things were really exciting at Helena in the sixth grade. There was a slight argument that ended up with the boys sitting on one side of the room and the girls on the other side. The Hurdle Mills class made a trip to Raleigh to visit places of interest and to see the Ice Capades. The students at Mt. Tirzah were very active in the student council and the garden club. Our teachers were Mrs. Penn Noell, Mrs. Lowery, and Mrs. Earl Clay.

In the seventh grade the boys began to realize that maybe the girls were not so bad after all. The girls didn't exactly hate the boys either. Helena students enjoyed a party at the scout hut behind Mrs. Tillet's home. They also gave Mrs. Tillet a bracelet with all their names on it. The Mt. Tirzah class was still very active in the student council and the garden club. Our teachers were Mrs. Ben Tillet, Mrs. Earl Clay, and Mrs. Lowery.

# CLASS HISTORY

Our eighth grade was the best yet. Helena students made a trip to Chapel Hill. Their most exciting event was the eighth grade banquet. They also had a party at Hillsboro the following summer. Hurdle Mills students were having parties and giving comical chapel programs. Mt. Tirzah students went to Raleigh. We all enjoyed midget sports. Of course, there was graduation from elementary school. This seemed to please everyone. Our teachers were Mrs. Elizabeth Hicks, Mrs. Ben Tillet, Mr. Warren, and Mr. Dunn.

Finally, we reached high school. Our homeroom teachers, Mrs. Titus, and Mrs. Welch, helped us get accustomed to high school. Many will never forget the F. F. A. and F. H. A. initiations. We had a party at the end of school.

In the tenth grade our homeroom teachers were Mrs. Brooks, and Mr. Hicks. I'm sure everyone enjoyed Mrs. Titus' biology class. Part of us found geometry rather difficult also. We were very proud of the ones in our class who were asked to join the Beta Club.

In our junior year things were more exciting than ever. With the help of Mrs. Foushee and Mr. Hodge, our homeroom teachers, we were soon selling magazines to pay for our JUNIOR-SENIOR BANQUET. We had much fun preparing for the banquet, but our greatest enjoyment was the night of the big event--THE JUNIOR-SENIOR BANQUET. I sincerely think every one had one grand and glorious time at this gay affair. That night was well awaited by us all. We were very proud of the class rings we received this year.

We have now reached our final year of school. Of course the highlight of this year will be graduation, but between now and graduation we are and shall be very busy working diligently on our edition of THE HORNET which we hope will be the best yet. Each is looking forward to the night when he will receive his "sheepskin", and yet we are sorry that we have to leave our friends and class.

As we graduate and go our separate ways, we shall always remember the wonderful memories of Helena, Mt. Tirzah and Hurdle Mills.

# CLASS PROPHECY

As I began my annual task of raking the last leaves of summer, I was amazed as one of the faces of my former classmates gazed at me from the first leaf I picked up. I began gathering them all up quickly and sure enough, in each leaf I saw the future of one of the senior classmen of '63.

In the first leaf I saw the face of NAT WILLIAMS, the world's greatest mechanic since he took over his father's business. Most of his customers are women.

On the second leaf I found the face of NANCY TERRY who is now making a living training mice. I found out she had been badly disappointed in her love life with Danny H., so she had to do something to keep her mind off him.

As the third leaf came drifting to earth, I gazed into the face of FARRIS DUNCAN. It seems that he has taken Nelson Stacy's place of the NASZIS circuit, terrorizing all the Chevrolets and Pontiacs.

In the next leaf, I saw the future of VERNON TILLEY who has become a professor of math at State College.

Next, I saw JOYCE BALL dressed in none other than a baseball suit. I knew she loved the Dodgers, but what a surprise to see her on the team. Her batting average is 301.

Guess whose face came up next? JANICE WHITFIELD is busy scrubbing diapers on a scrub board for her set of triplets. It seems that her husband has taken off with another woman.

The leaves drifted much faster now, and I hurried to pick them up. Next I saw BERNICE FOGLEMAN, who has finally landed L. F. and is busy running Fox's Garage. From what I hear, it is a lot cheaper for them to own their own garage, since Landon has so much trouble with his car.

Next to Bernice, I saw a leaf bearing the face of JOAN KIDD who has just returned from Reno where she got her third divorce. How lucky can one get? I hear she is receiving \$300 a month alimony from R. H. and has a hobby of painting lovely pictures of cats.

Since NANCY GARRETT has stopped catching fleas for her ex-husband's dogs, she is now punching cattle for P. H. in Texas.

Next I saw PATRICIA MOORE who is now a forward on the team with the Globe trotters. She is so wild and fast she makes Meadowlark look like an amateur.

In the next leaf I saw the image of LINDA HAWKINS. It seems Linda finally got her job with the F.B.I. and is busy tracking down spies. She hasn't married yet because she is till waiting for a certain schoolmate C. C. to ask her.

Next I saw DANA RIMMER. She and O. C. finally got married because she got tired of running from him.

As the next golden leaf fell, I looked into the face of LARRY RIMMER. He is now married to J. M. and they live in Helena, Venus, with their 12 Children and his 12,000 H. P. Rambler Rocket.

In the next leaf, I was surprised to learn that CHARLES TEAGUE had become another Wilt Chamberlain.

Next, I saw that BRENDA HAWKINS has joined the Ringling Brother's Circus, where she gets a dollar a peep as the littlest woman in the world.

As I lifted the next leaf, I saw that JAMES ASHLEY has finally gotten a new Ford, big motor and all. It seems as if he doesn't like being out run by all those little 6-cylinder Chevys.

Next, I saw the face of VONNIE ASHLEY. She and her husband were unloading their 8 children and luggage. They just came back from their nine year honeymoon.

On the eighteenth leaf I picked up I recognized the face of LINDA CASH who is working for the North Carolina National Bank where she specifies in juggling the books.

The following leaf turned up the face of ANNE CRABTREE. She is now teaching, not school, but her four little Whitlows.

Next, I saw the face of LINDA EVANS. She and her prosperous husband R. B. were riding on their compact comet with their two kids. It looks as though the insurance business is coming along fine.

# CLASS PROPHECY

In the next leaf the face of BENJIE READE appeared. It seems he is now head of the N. C. State Highway Patrol. What happened to your love of speed, Benjie?

Next, I saw LINDA PAINTER. She likes single life so well she has decided to be an old maid, but since she is working as curb girl at Tastee Freeze No. 2 and seeing D. C. H. every day, I think she will change her mind.

The next golden leaf told of the fortune of KAY BLALOCK. She and D. H. finally got married and are serving as foreign missionaries to Hong Kong.

The leaves trickled slowly now, and I stopped to read the fortune the next leaf contained. So, PATRICIA BLALOCK has finally left the dance for good, has she? She lost her courage after breaking two legs and injuring her back trying to do the twist.

Next, I saw ANGELA CARVER. She dropped R. C. and went to Atlantic City where she became the first Miss America from Helena.

In the next leaf I saw the fortune of SANDRA CHAMBERS. She finally hitched H. B. She never did get away to college for their five children keep her mighty busy.

Next I picked up the twenty-seventh leaf which bore the face of CAROLYN CRABTREE. She waited for B. H. to get out of service like everybody thought she would. They seem to be very happy on their poodle farm in New York.

Guess whose fortune I saw in the next leaf? Who would have thought BRENDA DICKEY would marry the Governor of N. C.? Brenda doesn't settle for less than the best, does she?

I grasped another leaf and eagerly read the fortune of DANNY DUNKEL. He and P. V. finally tied the knot. She is a lot of help to him since he became President of the U. S.

In the next leaf I saw the face of MERLE FREDERICK. Merle is now engaged to a movie star and is doing well in his profession. What his profession is, no one seems to know, but you can bet your life it isn't raising chickens.

Eagerly I picked up the next leaf to learn that LEON HAMLIN is now the army general of the American forces. It seems he is really drilling to fight the Russians, if they come.

In the next leaf I was surprised to learn that NEAL TITUS has a job in the U. S. Treasury. It seems Neal's own pocketbook has grown quite a bit since he took this job. Better watch the officials, Neal.

As I grasped the next beautiful leaf, I saw the face of GLADYS LUNSFORD. She has taken Bridget Bardo's place in Hollywood. I always did say her red hair would take her places.

In the next leaf I learned that LINDA LUNSFORD and W. C. have finally gotten married. It took her a long time to show the ring, but after that, things really started buzzing.

Next I saw BRENDA MOONEY-now Brenda Day. She teaches grammar school while Frank takes care of their seven little days Mon-Sunday.

In the next leaf I saw the face of BARBARA GATES. She is on T.V. portraying Porky Pig on the Ed Sullivan Show.

Next I saw MIKE ANDREWS. Guess what? Mike is now working in Hawaii as chief pineapple picker. Mike always did have a taste for sweets, didn't he?

With the tedious job of raking leaves over, I took time out to relax and marvel at the things about my former classmates I had learned.

But before I had time to relax; I saw a new leaf floating toward me. The image of Lawrence Grinstead who is still using crutches since his life of car racing keeps him in the hospital most of the time.

Nat,

It has been a pleasure going to school with you these past years. I can hardly believe that you are graduating. I won't ever forget the fun we've had together on the bus and the time I dated you. I still look for that thunder bird on nights with full moons. HA! Will it ever come? I guess not. But it was fun to joke about it. I'll never forget the summer that you and Patricia (I think) Leon and I played tennis at your house. All I remember is the way you and Leon teased me about my playing. I don't think I ever learned. I think Jerry Cates use to come too. Oh! well that's enough bringing back the past. Nat I sincerely wish you success and happiness all the days of your life. You are a wonderful guy and deserve the best.

Remember Me!

P.S. I snitched your picture! Judy Moore

Nat,

It's hard for me to believe you're graduating this year. We have been good friends all through school. "Real" good friends sometimes! I won't soon forget the fun we have had (picnics), playing tennis, riding to ballgames & name a few. Even before school we shared our days together and had lots of fun! too, didn't we! 1989

Well I guess these days are over and it's time to make more memories. We might not see as much of each other as we have in the past, but maybe we can get together sometime.

Best of luck and wishes to a very fine boy whom I'll always remember as "the boy next door".

May God bless you always.

Your friend,

Patricia V.

Nat,

I have enjoyed these four years of school with you, especially this senior year. I guess it is because I have got to know you better. I will always remember the wonderful times I have had with you, especially the wonderful time at the jr.-Sr. I guess you wondered if someone had hit me in the head with those drum sticks, but I just went wild about those drums. May God bless you in all you undertake to do. I hope you don't work too hard with that yellow wrench. Remember when we worked on the jr.-Sr., we had a wonderful time didn't we. Best Wishes and Good luck always.  
B Friend always,  
Linda C.

Nat,

My fender skirts need painting again. Maybe we'll do it sometime. I have enjoyed going to school with you these past four years. Always remember the good times we've had. May you have the best of everything.

 I have truly

 I shall never forget those tennis  
 Sunday afternoon playing  
 at your house. We are going to  
 miss you at Skina. Maybe  
 my visit you all the lunch  
 in the world to someone  
 who does the best of  
 everything. Please you  
 Your friend

It truly has been my pleasure of knowing such a swell person as you are. We didn't really get to be close friends until this year, but I guess that was due to the fact that we never have had any classes together or any free time together. It was really nice of you to help find a place for us to go after the Jr. Sr. I must say we had loads of fun. I glad we got some pictures to remember them by. Now here's wishing you all the luck and happiness a person could ever have. May God shower you with many blessings
